Dear Mr. Bradly:

My yard at the above address was one of the EPA clean-up areas in Granite City. I would like to say "THANK YOU" to all involved in decontaminating my yard. The work was done in September and completed the first week in October. I took pictures as the project progressed. I wanted to have the pictures developed and ready for OHM Corp. in Madison, IL and also a set for Bill, the person in charge of the team at my address.

In all my contact for 27 years in an office, I never encountered such harmony and good relationship among the workers. All of them were pleasant to each other and willing to work together to accomplish the job they were assigned to. None of them "played around" or loafed on the job. They were professional and competent in their performance.

I wanted all the people, from the top office to the local individuals be aware of my personal gratitude. My thanks again and God bless you all.

Sincerely yours,

(Ms) V. Haroian-Throne
